REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Town of Merrimack:

I herewith submit my fourth annual report as Superintendent of Schools.

There is little change from the general situation as reported last year. Teachers are still very hard to get. It looks now as if the situation would continue for three or four years, even under the best of conditions. The changes in our teaching force for this year are as follows: Hester Bickford replaced Mrs. Erika Rizzi at McGaw. Mrs. Virginia Murphy replaced Mary Monahan in the upper grades at Reed's Ferry. Mrs. Myrtie Sargent replaced Mrs. Marjorie Dickey at Reed's Pond and we finally secured Mrs. Edith Dean to replace Helen Cafantaris at South Merrimack.

There seems to be a very real problem in the South Merrimack District. Both of the school buildings are of the old type country school. If that section of the town could be served as the other three sections of the town are now served, with a modern two-room building, it would make a very satisfactory arrangement. Certainly the people of South Merrimack are not as well served as the other sections of the town. I recommend that a committee of interested citizens be appointed to study this situation and report at the 1946 annual district meeting.

We are able to care for the high school problem by carrying on McGaw as usual. The situation for the coming year is very uncertain and in all probability we will not be able to hold our teaching staff. If, when the time comes, it is impossible to secure experienced teachers we shall have to consider closing the school until the teacher problem has been solved.

As anticipated last year we had to transfer pupils from Merrimack Village to Reed's Ferry. Thanks to the cooperation of parents and pupils our whole school system has been greatly improved. While the expense

has not been great, it has meant some increase in transportation costs. The plan will be continued as long as it is necessary.

In closing I wish to express thanks especially to the school board and teachers and many interested parents who have cooperated in carrying out plans which have made necessary changes successful and added greatly to the efficiency of the schools.

Respectfully submitted,

GAIUS H. BARRETT,
Superintendent of Schools.

School Nurse.

REPORT OF THE HEADMASTER OF McGAW INSTITUTE

McGaw opened on September 6th to begin its ninety-fifth year of providing a high school education for the young people of Merrimack. Since the beginning of the school year we have reached an enrollment of forty-eight pupils but at present we have dropped back to forty-three.

Of the four members of the Class of '44, Richard Norton is in the Army and was drafted before he had an opportunity to graduate; Forrest Bean is in the Navy, Clifford Greenleaf in the Marines and Leora Haight is in training at the Nashua Memorial Hospital. Excellent reports concerning these people are constantly coming to the Headmaster, and the community can well be proud of them.

Approximately eighteen of our students are regularly employed in industry after school hours. This is a credit to our young people and in most cases brings about a seriousness in their school work that they might not otherwise have.

During the last year a new type of report card was adopted. To the regular marks has been added an opportunity to check Attitudes, Health and Citizenship, thus helping students and parents alike, to note reasons for any particular successes or failures.

Our orchestra, boys and girls choruses and athletic program continue as in the past. The school has been pleased to join with other organizations in the presentation of a play, the Father and Sons Banquet and social events in general.

Miss Hester Bickford is conducting an improved School Lunch Program. Thirty-one pupils regularly have a hot lunch during the winter months.

The transportation problem is still with us and becomes more serious as the days go by. At the first opportunity the town should take some action along this line.

We have a good school and its boys and girls are now in all parts of the world. With the help of everyone we will bring them home sooner and once again McGaw can educate for the peace time years.

Respectfully submitted,

LAWRENCE CORNWELL,
Headmaster.

ANOTHER ENEMY TO CONQUER

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.
2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.
3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.
4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.
5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.
